Dear Residents and Friends,

In our journey towards transforming Chua Chu Kang Town into a rejuvenated community for all residents, we have seen the implementation of \$3 million worth of upgrading projects for FY 2016/17. These Community Improvement Projects (CIPs) include the building of new drop-off porches, sheltered walkways, fitness corners, letterboxes and playgrounds — many of which have been completed or are near completion. The next phase of these CIPs will be announced in the next issue of this newsletter.

I am also pleased to update you on the significant progress made by the various Neighbourhood Renewal Programmes (NRP):

CHUA CHU KANG NRP

- The tender has been awarded for Blks 130 to 146 Choa Chu Kang Ave 1/ Teck Whye Lane/Teck Whye Ave, and construction work has commenced.

“WE HAVE SEEN THE IMPLEMENTATION OF \$3 MILLION WORTH OF UPGRADING PROJECTS FOR FY 2016/17.”

NANYANG NRP

- The NRP plans for Blks 812 to 832 Jurong West St 81 are being finalised. Once confirmed, the Town Council will proceed to call for a tender.

KEAT HONG NRP

- The Consensus Gathering for Blks 401 to 428 Choa Chu Kang Ave 3 and 4 were held in June 2017 where residents reviewed the finalised plans.
- The Sharing Sessions have been completed for Blks 271 to 295 Choa Chu Kang Ave 2 and 3. Valuable feedback and suggestions from the residents have been taken in by the working committee to further enhance the plans for the next phase.

As we continue with the different phases of CIP and NRP, I seek everyone's understanding and patience, especially if there are construction works near your home. I am confident that once these are completed, Chua Chu Kang Town will be transformed into a vibrant residential hub that every resident can be proud of.

ZAQY MOHAMAD
CHAIRMAN
CHUA CHU KANG TOWN COUNCIL

Para Penduduk dan Rakan Yang Dihormati,

Dalam usaha kita mentransformasikan Bandar Chua Chu Kang menjadi sebuah masyarakat yang lebih bertenaga untuk semua penduduk, kita telah menyaksikan pelaksanaan projek peningkatan bagi Tahun Kewangan 2016/17 yang bernilai \$3 juta. Projek Peningkatan Masyarakat (CIP) ini merangkumi pembinaan anjung penurunan penumpang, laluan pejalan kaki berbumbung, sudut kecergasan, peti surat dan taman permainan - kebanyakannya telah pun siap dibina atau hampir siap dibina. Fasa CIP yang seterusnya akan diumumkan dalam keluaran surat berita bulan hadapan.

Saya juga rasa berbesar hati untuk memaklumkan kepada anda tentang kemajuan yang telah dicapai oleh Program Pembaharuan Kejiranan (NRP) yang berikut:

NRP CHUA CHU KANG

- Tender telah dianugerahkan bagi Blok 130 hingga 146 Choa Chu Kang Ave 1/ Teck Whye Lane/Teck Whye Ave. Kerja-kerja pembinaan telah bermula.

NRP NANYANG

- Pelan NRP bagi Blok 812 hingga 832 Jurong West St 81 sedang dimuktamadkan. Setelah ia disahkan, Majlis Bandar akan meneruskan untuk memanggil tender.

NRP KEAT HONG

- Acara Mengumpulkan Kata Sepakat bagi Blok 401 hingga 428 Choa Chu Kang Ave 3 dan 4 telah selesai pada bulan Jun di mana para penduduk menyemak pelan yang telah dimuktamadkan.
- Sesi Perkongsian telah selesai bagi Blok 271 hingga 295 Choa Chu Kang Ave 2 dan 3. Maklum balas dan saranan berharga daripada penduduk telah dicatatkan oleh jawatankuasa kerja untuk mempertingkatkan lagi pelan bagi frasa seterusnya.

Sambil kita meneruskan fasa-fasa CIP dan NRP yang berlainan ini, saya memohon pemahaman dan kesabaran daripada semua, lebih-lebih lagi jika terdapat kerja-kerja pembinaan berhampiran rumah anda. Saya yakin bahawa apabila semua ini selesai, Bandar Chua Chu Kang akan berubah sepenuhnya menjadi sebuah hab kediaman yang boleh dibanggakan oleh setiap penduduk.

MOVING FORWARD

Improvement works are underway to provide a better commuting experience in the neighbourhood with covered linkways, as well as the provision and upgrading of facilities for community activities.

THE OVERVIEW OF COMMUNITY IMPROVEMENT PROJECTS (CIP)

亲爱的居民和朋友们，

为了使蔡厝港市镇的邻区重现活力，我们已在2016/17财政年度里注入了\$300万元在社区服务计划上，以翻新区里的设施。这些社区服务计划项目包括兴建新的上下车道、有盖走道、健身角落、信箱和游乐场。当中的许多设施已经完成或即将完成修建工作。计划的下一个阶段将在下期宣布。

在此，我很高兴能和大家分享各个邻区更新计划的进展：

蔡厝港邻区更新计划

- 蔡厝港1道/德惠巷/德惠道第130至146座组屋的招标工作已经完成。更新工程也已经开始。

南洋邻区更新计划

- 裕廊西81街第812至832座组屋的邻区更新计划已进入最后的确认阶段。一旦计划经确认，市镇理事会将着手展开招标工作。

吉丰邻区更新计划

- 蔡厝港3道和4道第401至428座组屋的民意调查已经在6月完成。居民也对最终的计划表达了看法。
- 蔡厝港2道和3道第271至295座组屋的对话会已经完成。工作委员会听取了居民宝贵的反馈和建议，并将这些意见融入下个阶段的计划中，以完善整个邻区建设工作。

社区服务计划和邻区更新计划进行时，可能会对居民造成不便，尤其是居住在工程附近的居民可能会因此受到更多干扰。对此，我寻求大家的谅解和协助。因为我有信心，当工程完成后，蔡厝港市镇将会呈现出另一番生机勃勃的景致，让每个居民为此引以为傲。

அன்பார்ந்த குடியிருப்பாளர்களே, நண்பர்களே,

சுவா கு காங் நகரத்தை குடியிருப்பாளர்களுக்கு உகந்த சமூகமாக உருவாக்கும் பயணத்தில் நாம் 2016/17 நிதியாண்டில் 3 மில்லியன் வெள்ளி பெறுமானமுள்ள மேம்பாட்டுப் பணிகளை நிறைவேற்றியுள்ளோம். இந்த சமூக மேம்பாட்டுத் திட்டங்களில் (CIP) வாகனங்கள் பயணிகளை இறக்கிவிட புதிய வளைவுகள், கூரைவேய்ந்த நடைபாதைகள், உடற்பயிற்சிக் கூடங்கள், தபால் பெட்டிகள், விளையாட்டுத் திடல்கள் போன்றவை அடங்கும். அவற்றில் பெரும்பாலானவை முடிவடைந்து விட்டன, அல்லது முடிவடையும் நிலையில் உள்ளன. மேம்பாட்டுத் திட்டத்தின் அடுத்த கட்டப் பணிகள் இந்தச் செய்தி மடலின் அடுத்த இதழில் அறிவிக்கப்படும். பல்வேறு அக்கம்பக்கப் புதுப்பிப்புத் திட்டங்களில் (NRP) நாம் கண்டிருக்கும் கணிசமான முன்னேற்றத்தைப் பற்றியும் உங்களுடன் பகிர்ந்து கொள்வதில் மகிழ்கிறேன்.

சுவா கு காங் NRP

- சுவா கு காங் அவென்யு 1 / டெக் வாய் லேன் / டெக் வாய் அவென்யு ஆகியவற்றில் உள்ள 130 முதல் 146 வரைக்குமான புனோக்குகளுக்கான எலக்குத்தை வழங்கப்பட்டு விட்டது. கட்டுமானப் பணி தொடங்கிவிட்டது.

நன்யாங் NRP

- ஜூலோங் வெஸ்ட் ஸ்ட்ரீட் 81 புனோக்குகள் 812 முதல் 832 ஆகியவற்றுக்கான புதுப்பிப்புத் திட்டங்கள் இறுதி செய்யப்பட்டு வருகின்றன. உறுதி செய்யப்பட்டவுடன் நகர மன்றம் எலக்குத்தை அறிவிக்கும்.

கியட் ஹோங் NRP

- சுவா கு காங் அவென்யு 3 மற்றும் 4ன் 401 முதல் 428 வரைக்குமான புனோக்குகளுக்கான கருத்தினக்க நடவடிக்கை ஜூன் மாதம் நடத்தப்பட்டது. இந்நடவடிக்கையின்போது, இறுதியாக்கப்பட்ட திட்டங்களைக் குடியிருப்பாளர்கள் பார்வையிட்டனர்.
- சுவா கு காங் அவென்யு 2 மற்றும் 3ன் 271 முதல் 295 வரைக்குமான புனோக்குகளுக்கான கருத்துப்பகிர்வு அங்கங்கள் நடத்தி முடிக்கப்பட்டுவிட்டன. மேம்பாட்டுப் பணியின் அடுத்த கட்டத்திற்குப் பயன்படுத்தக்கூடிய நல்ல கருத்துகளையும் ஆலோசனைகளையும் குடிமக்கள் வழங்கியுள்ளனர். அவற்றைப் பணிக்குழு கவனத்தில் கொள்ளும்.

CIP, NRP புதுப்பிப்புப் பணிகள் பல்வேறு கட்டங்களில் இருப்பதால், குறிப்பாக உங்கள் வீட்டுக்குருகில் கட்டுமானப் பணிகள் நடைபெற்று வந்தால், புரிந்துணர்வும் பொறுமையும் காட்டுமபடி அனைவரிடமும் கேட்டுக் கொள்கிறேன். இந்தப் பணிகள் நிறைவடைந்தவுடன் அனைத்துக் குடிமக்களும் பெருமைப்படக்கூடிய குடியிருப்பு வட்டாரமாக சுவா கு காங் நகரம் மாறியிருக்கும் என்று நான் நம்புகிறேன்.

ECO INITIATIVES

CHUA CHU KANG

Left: Giant sunflowers are a major attraction in Choa Chu Kang Park.

Below: A hands-on experience for residents who participated in Tree Planting Day.

CREATING A GREENER NEIGHBOURHOOD

Keeping the town green and sustainable requires the support of everyone in the community.

LIVING IN A GREEN TOWN has numerous benefits. Not only do we protect the planet, natural greenery in housing estates rejuvenates and creates a comfortable living environment that is beneficial to our mental and physical well-being.

Check out these various green initiatives and find out how residents are doing their part to keep Chua Chu Kang green.

BUKIT GOMBAK

The Community Garden at Blk 387 Bukit Batok West Ave 5 is a good gathering spot for residents with green fingers. Residents of all ages come together to nurture and harvest the plants, which is then shared with the community, showcasing strong *kampung* spirit.

CHUA CHU KANG

Choa Chu Kang Park is a green space that is popular with families, especially during the weekends. Residents can engage in a range of recreational activities, including cycling, skating and working out at the fitness stations. They can also stroll through the forested area that borders the park to explore the abundant fruit trees, native species of shrubs and wildlife.

KEAT HONG

As part of Clean and Green Singapore, a Tree Planting Day was held on 6 November 2016 at the open space near Blk 445 Choa Chu Kang Ave 4. Residents were invited to adopt and care for the trees so that they would have a greater sense of ownership of their neighbourhood.

NANYANG

Residents get together every November for its annual Tree Planting Day. In 2016, they planted five *podocarpus macrophyllus*, a small- to medium-sized evergreen tree.

The Chua Chu Kang Town Council logo depicts an ideal living environment. The blue skyline is coupled with a lovely green landscape that the flats are set against. It symbolises a refreshing balance between the urban residential areas and the natural environment.

DID YOU Know?

HONG KAH NORTH

"ABC Waters has creatively turned a stretch of the Bukit Batok Canal into a 'mini' green corridor with lush plantings that enhance and add value to our living environment. By tapping on the spaces next to and around the canal, residents can now hang out with their families and neighbours by the waterway, while learning about rainwater runoff, water quality and biodiversity at the rain gardens."

DR AMY KHOR, SENIOR MINISTER OF STATE, MINISTRY OF HEALTH & MINISTRY OF THE ENVIRONMENT AND WATER RESOURCES, MP FOR HONG KAH NORTH SMC

MORE GREEN INITIATIVES

The annual ECo Day Out @ South West features a trash-for-grocery segment to promote recycling. Organised by the South West Community Development Council, Clean Up South West! saw residents exchanging 3 kg of clothes for 1 kg of rice, and 3 kg of newspapers for 1 packet of low-fat instant noodles. **81,632** kg of recyclables (equivalent to 1,387 trees) were collected.

Chua Chu Kang Town Council is also certified by the Singapore Environment Council as an Eco-Office for its efforts in cutting back on electricity, paper and water usage.

HAPPY BIRTHDAY SINGAPORE!

Celebrating the nation's big day with the residents.

MORE THAN 500 BUKIT GOMBAK RESIDENTS gathered at Hillview Community Club on 9 August, 7.30am, for the National Day Observance Ceremony. All dressed in red, they took the National Pledge, sang National Day songs and witnessed a parade by students. ∞

Observing National Day as a community.

“Warm greetings! This newsletter will give you an update on the progress of our initiatives and projects. We hope that the improvement efforts made have created a more vibrant living environment and brought more convenience for you. Some common spaces, such as the community garden, not only allow residents to cultivate their hobbies but serve as a platform for bonding among neighbours.

I would like to express appreciation for the strong support from residents, volunteers, grassroots leaders and agencies. These stakeholders have cooperated and put in hard work to improve our neighbourhood. Together, we will continue to enhance our precinct and make Bukit Gombak a home and place we love.

I wish you and your family the best of health and happiness.”

COMPLETED HILLVIEW COMMUNITY CLUB

COMPLETED COMMUNITY GARDEN AT BLK 387

COMPLETED PLAYGROUND BESIDE BLK 510

BUKIT GOMBAK REJUVENATED

Upgrading our neighbourhood to keep it vibrant and lively for all.

RELECTING THE NATURAL SCENERY OF BUKIT GOMBAK, the recently completed Hillview Community Club (CC), located at Hillview Avenue and designed based on residents' feedback, features lush greenery on both its interior and exterior. It incorporates eco-friendly features such as a vertical green wall and a rain harvesting system for watering plants. Residents can also enjoy plenty of open leisure spaces where they get to meet and interact with one another.

Another gathering spot in the estate is the upgraded playground beside Blk 384 at Bukit Batok West Ave 5. Boasting new equipment, the playground caters to young residents who can have fun together in a safe environment. The community garden at nearby Blk 387 was also expanded recently. Residents can get in touch with nature and meet fellow gardening enthusiasts there. Parents can also visit the space with their children to teach them about urban gardening and plants. There is also an open plot of land where residents are invited to help themselves to edible herbs such as basil leaves, mint and lemongrass for free.

COMING SOON

To provide residents with more convenience, a new drop-off porch is being constructed at Blk 537 at Bukit Batok St 52. An upcoming covered linkway that is being built between Blk 501 and 504 will also help to shield passers-by from the weather.

Another upcoming project is the upgrading of the senior citizens' fitness corner beside Blk 510. Elderly residents will be able to keep fit with the improved equipment.

Also ongoing is the Housing & Development Board (HDB)'s

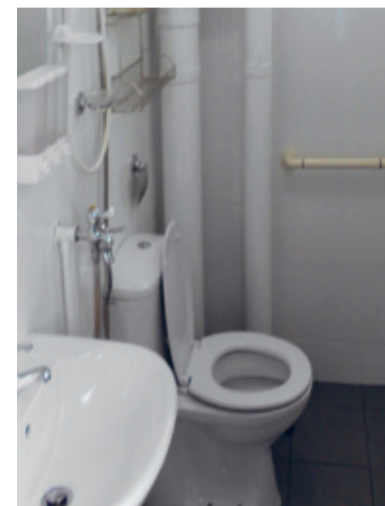

Home Improvement Programme for Blks 501 and 503 to 511. Residents can look forward to improvements such as the repairing of structural cracks, replacement of pipe sockets with new drying racks and the upgrading of their electrical load. In addition, residents may opt to upgrade their toilets, replace their doors, metal grille gates and refuse chute hopper at a subsidised rate. Residents of Blks 512 to 514 and 535 to 542 can also look forward to similar enhancement works soon.

TIPS FOR A HEALTHIER, HAPPIER YOU

EXERCISE REGULARLY

Make sure you are getting plenty of sleep and exercise several times a week.

STAY POSITIVE

Keep staying positive and you will see opportunities instead of obstacles.

EAT HEALTHY

It is alright to have snacks in moderation. Your snack should consist of items like fruits, whole grains, or nuts to satisfy hunger.

Reduce the risk of fire and accidents by keeping our common corridors tidy and free of clutter.

TOGETHER, **AN OBSTRUCTION-FREE HOME!**

SAFETY FIRST

Every resident can play a part in keeping common areas clutter-free and creating a safer living environment for all.

SINGAPORE CIVIL DEFENCE FORCE'S GUIDELINES ON THE USE OF COMMON AREAS IN HDB ESTATES

Obstruction to common corridors and fire fighting equipment (e.g. dry risers & hose reels) can seriously hamper fire fighting efforts and smooth evacuation in a fire emergency, endangering your lives.

- A minimum clear escape passage of 1.2m clearance is to be maintained.
- No storage of combustible materials along common corridors.

What residents say about keeping their corridors free of clutter

“I HAVE REMOVED ITEMS SUCH AS BICYCLES, CHAIRS AND FLOWER POTS AFTER LEARNING ABOUT THE IMPORTANCE OF AN OBSTRUCTION-FREE CORRIDOR. IT ALLOWS RESIDENTS TO ESCAPE DURING A FIRE EMERGENCY, AS WELL AS PARAMEDICS AND THE WHEELCHAIR-BOUND TO ACCESS THE CORRIDOR FREELY.” Mr Cheong Soon Keng, Bukit Gombak resident

“IT CAN BE TOUGH TRYING TO GET EVERYONE TO REMOVE THEIR CLUTTER. HOWEVER, IT IS VERY IMPORTANT TO HAVE AN OBSTRUCTION-FREE CORRIDOR BECAUSE THE ITEMS MAY POSE A FIRE HAZARD. THE CORRIDORS MUST ALSO SERVE AS A SAFE AND FRIENDLY ACCESS FOR ALL RESIDENTS, ESPECIALLY THE ELDERLY AND YOUNG CHILDREN.” Ms Shirley Goh, Nanyang resident

“FOR OUR SAFETY, I HAVE SINCE REMOVED MY BICYCLES FROM THE CORRIDOR AS IT CAN HAMPER EVACUATION IN A FIRE EMERGENCY. FIRE ALSO SPREAD QUICKER IN OPEN AREAS, FUELED WITH ITEMS PLACED THERE.” Mr Yee Kwai Fung, Keat Hong resident

7 April 2016: fire involved items placed at the corridor in Eunus Crescent.

17 Feb 2015: fire involved discarded items at the corridor in Punggol.

Property Officers pointing out obstructed fire fighting equipment to residents.

Property Officers educate residents on the importance of keeping common areas unobstructed.

Safety Tips

1 Remove potted plants that may be blocking dry risers

The vertical pipes are intended to distribute water to multiple levels of a building for fire-fighting purposes.

2 Avoid installing fixed laundry racks at common corridors

The installation of fixtures is not allowed as it will cause damage to the common property.

3 Remove items that may be obstructing staircases

The clutter blocks escape routes and hinders the access of rescue crews during an emergency.

4 Dispose bulky items at a bin centre.

Placing such items along the corridor poses a fire hazard. If you need help with removing them, contact Chua Chu Kang Town Council (see right).

NEED HELP WITH CLEARING BULKY ITEMS?

HDB residents from blocks managed by the Chua Chu Kang Town Council can request for free bulky item removal services. You can make an appointment with at least three days' notice by contacting

Tel: 6569 0388

Email: info@ccktc.org.sg Website: www.ccktc.org.sg

*This service is limited to three items per household per month. The Town Council reserves the right to reject items that are unsuitable.

WHAT'S NEW

Residents can look forward to the new SAFRA clubhouse located within Choa Chu Kang Park. The club will be seamlessly integrated with Choa Chu Kang Park's facilities and programmes to make the park a more attractive meeting point for Singaporeans.

NParks will also be enhancing the current Park Connector Network in Choa Chu Kang to improve accessibility from the stadium to the park and the new club.

RAISE THE ALARM

Familiarise yourself with these alerts and warning signals. They will come in handy in times of emergency.

1 Lift Alarm
Trapped in a faulty lift? Press and hold this button for at least one minute. The Essential Maintenance Service Unit (EMSU) and the lift company will receive the signal and send help your way.

2 Pump Room Alarm
Usually located at the void deck of HDB blocks, the alarm is triggered when the water pump controller is faulty or when water storage tanks are under the minimum capacity. If you notice the alarm flashing, please call EMSU at 1800-275-5555.

3 Fire Alarm
If the alarm is activated, stay calm and look out for signs of fire, such as smoke and heat. Evacuate the building quickly via the stairs, and call the Singapore Civil Defence Force (SCDF) at 995 when you are safe.

4 Automated External Defibrillator (AED)
AEDs are used to treat sudden cardiac arrest. When the device is removed from its casing, an alarm goes off and paramedics will be dispatched to the site. There are about 160 AEDs installed at the lift lobbies of flats in several constituencies, including Chua Chu Kang. As part of its Save-a-Life initiative, SCDF plans to install one AED for every two housing blocks by 2019.
